

GROWING ADVICE:

- Excellent disease resistance means the variety is suited to areas of high disease pressure
- Shorter than both Canyon and Delfin mean that the variety has good straw characteristics
- Does very well in organic situations

UNIQUE SELLING POINTS (USP)

- Good yields
- Approved by millers
- High untreated yields

YUKON

Code: NORD 11/140

CROP: SPRING OATS

STATUS: RL 2020

	Yukon	103
	Canyon	101
	WPB Elyann	98

Yield (Grain)

	Yukon	51.9
	Canyon	52.9
	WPB Elyann	52.1

Specific Weight kg/hl

	Yukon	74.3
	Canyon	74
